

Sierra

ANR Headset with Bluetooth®

Premium performance with
exceptional value

Step up to the world of premium ANR headsets with the value-priced Sierra

Quiet — Active noise cancellation over a broad range of low frequency noise brings state of the art technology to Sierra.

Comfort — Sierra is a head-friendly 16 ounces and features plush ear seals that each provide nearly 10 square inches of surface area for a better seal and greater distribution of side pressure.

FlightLink Compatible — Sierra is compatible with FlightLink, the first in-flight cockpit recording application for the Apple® iPad® and iPhone®.

Full Bluetooth Integration — Enjoy excellent call clarity, music fidelity, and wireless access to critical audio alerts from aviation apps on mobile devices.

ComPriority™ — Never miss important radio communications with patented ComPriority, which lowers the volume of any auxiliary device automatically during radio or intercom transmissions.

Reversible microphone — A unique

design allows microphone placement on the left or the right.

Cell Phone/Music Connection — In addition to full Bluetooth connectivity, Sierra offers an integrated control box auxiliary input for connecting a cell phone, music player or other audio device.

Included — Carrying case, cell phone/music patch cord, cord clip, two AA batteries, foam windscreen.

Available Configurations: Battery Power (2 AA) / Dual GA plugs

30-day money back guarantee — Lightspeed Aviation headsets are designed to be the best available anywhere, for any price. But we know that every cockpit and pilot is different. That's why we offer a 30-day money back guarantee. If you are not completely satisfied with your purchase for any reason, return the product for a full and prompt refund.

Made in the USA

“

My Lightspeed Sierras are great. I can hear my instructor and ATC so much more clearly and I'm not distracted by a headset smashing my ears. I wish I would've bought these in the beginning. Thank you Lightspeed.

Michael Ford
Private Pilot

Picked as the “hands-down favorite” in *Aviation Consumer's* real-world test of budget ANR headsets, Sierra delivers the comfort, quiet, and advanced features you've come to expect from Lightspeed.
